Learning To Create Creative Kids: New Team Managers

Destination ImagiNation develops creativity, teamwork and problem solving skills in students across New Hampshire. This Saturday at Pembroke Academy, the process of how to facilitate these skills begins for new “DI” Team Managers. These are the adults who guide student teams through the process of solving mind-bending challenges. The catch: Only the student team can solve these Challenges that incorporate national learning standards with disciplines that include mechanical and architectural design, science, the arts, community service and improvisational skills.

Credentialed media is welcome to attend the event, with the best photo opportunities coming in the late morning or early afternoon. Please contact Wayne Kurtzman when on site (details on the contact line above).

WHERE: Pembroke Academy, 209 Academy Rd, Pembroke, NH 03275

WHEN: 9 AM – 3 PM

WHY: To provide a framework and knowledge to prepare a team of creative problem-solving students for Regional competition in March.
