Team Materials

Each challenge has a cost limit, but most materials are scrounged from around the house and are not expensive (although they are assigned a yard sale value). Budget \$80~\$175/team depending on the Challenge.

Hint: Have each team member contribute \$20 for supplies and miscellaneous expenses at the beginning of the season. Then, the TMs can ask for more money when that is gone!

Workshop for Teams

Choose to attend Instant Combustion, Improv & Skills Workshop for team members at UNH in Durham on January 7, 2012. This includes an Instant Challenge session, a team workshop on a selected topic, and Improv Games! \$5.00 per team member/student.
