

ROADMAP Index

The Roadmap is a set of 16 team meeting plans with activities interspersed throughout. It is arranged to help a team through the DI season. Managers should be aware that the time allotted in the Roadmap for actual challenge solution production is limited and if the Roadmap is followed exactly, the team won't have time to solve the challenge completely. To help TMs navigate the Roadmap, here is an index of activities and other interesting items.

Instant Challenges

Title	Type of IC	Page Number
Paper Tower	Task Based	124
Art Museum	Performance Based with team created props	132
Stack 'Em Up	Task Based	134
